

On 9-18-19, Moctar Akala Assani was appointed as a Steward in CMH.

Moctar has been a TWU Member since 2016 in the Parts Department and has been interested in learning more about the TWU. Moctar is active in our union by participating in meetings and attending union activities.

Please join us in welcoming him to his new position, as we are sure he will do a great job helping the membership as the needs arise.
